Speaker	Synopsis
<p>Prof. Geoffrey Q.P. Shen</p> <p>Geoffrey is the Chair Professor of Construction Management and Head of Department of Building & Real Estate of The Hong Kong Polytechnic University. He has managed a large number of research and high-level consultancy projects with total funding over HK\$15 million, and has published extensively in both academic and professional journals and international conferences.</p> <p>Professionally, he is the President of the Hong Kong Institute of Value Management (HKIVM) and member of the Institute of Value Management (IVM) in the UK. As a Certified Value Specialist (CVS) and Value Management Facilitator (VMF) recognised by the Hong Kong SAR Government, he has professionally facilitated a large number of value management and partnering workshops for a variety of large client organisations in both the public and private sectors.</p> <p>Mr. K.H. Fok</p> <p>KH is an elite few on the HKIVM Facilitators "List A" recognized by the Government of HKSAR for Value Management workshops for the Public Works and has facilitated many Value Management / Risk Management / Partnering workshops for various Government Departments.</p> <p>KH's interest in leveraging the knowledge and wisdom of people was formulated during his earlier working life in the construction field. He has worked in various positions in Civil and Foundation Engineering for nearly 30 years, successfully managed more than 50 construction projects. KH's extensive practical experience has qualified himself to provide expert advice on engineering issues for arbitration and court cases particularly for piling and foundation projects.</p>	<p><u>Government's Support</u></p> <p>A nos. of formal documents (WTBC16/1998, Tang 2001, WTBC35/2002) strongly recommended a wider adoption of VM techniques in order to achieving an excellence in the quality of construction products.</p> <p><u>What is VM?</u></p> <p><i>Value Methodology Function-oriented, systematic, team approach to add customer value to a program, facility, system, or service. Improvement like performance, quality, initial and life cycle cost are paramount in the value methodology.</i> (Laurie Dennis, PE, CVS-Life, 2008)</p> <p>In this seminar, the speakers will discuss the following:-</p> <ul style="list-style-type: none">● Definition of VM● Historical Development of VM● Components of VM● VM Methodology and Job Plan● VM Applications with real life examples
