To help you to check if you are eligible for registration, please consider the following:

1. Do you possess the equivalent qualifications required for a TCP T1 under the Technical Memorandum for Supervision Plan 2009?
2. Have you practised in Hong Kong for two years after having acquired the qualification acceptable for registration?
3. Are you ordinarily resident in Hong Kong?

1.1 Qualifications for Registration

The followings are acceptable qualifications for registration:

- (a) a Construction Supervisor Member or above classes of membership of the Institute for not less than 6 months; and
- (b) satisfy the Board that you have had 2 years' relevant construction supervisory experience in Hong Kong before the date of your application for registration.

1.2 Two Years' Relevant Construction Supervisory Experience in Hong Kong

The 2 years' relevant construction supervisory experience must be gained within 5 years before the date of application for registration. In addition, the applicant must also demonstrate that he has substantial involvement in construction supervision process and/or construction operation.

1.3 Residence in Hong Kong

To be eligible to register, you are required to be ordinarily resident in Hong Kong. A person is ordinarily resident in Hong Kong if he remains in Hong Kong legally, voluntarily and for a settled purpose (such as for education, business, employment or residence), whether of short or long duration.

The following guidelines are used for those who have returned to Hong Kong after a period of residence outside Hong Kong: -

1. Temporary absence of up to 6 months may not affect registration.
2. Construction Supervisors returning to Hong Kong who were either registered previously or who were qualified to be registered at the time they left Hong Kong may apply for registration on their return. In general they will qualify for registration, but the Board will exercise discretion on a case-by-case basis taking into account of the time spent away from Hong Kong.

3.0 CONSTRUCTION SUPERVISORS REGISTRATION REGULATIONS

The Construction Supervisors Registration Regulations, adopted as Bye-Laws by the Hong Kong Institute of Construction Managers in 2014 and with minor amendments in 2016, provides for the registration of construction supervisors and disciplinary control of the practising activities of registered construction supervisors, and for related matters.

The Construction Supervisors Registration Board shall not register a person as a Registered Construction Supervisor unless:

- (a) he is a Construction Supervisor Member or above classes of membership of the Institute for not less than 6 months; and
- (b) he possesses equivalent qualifications required for a TCP T1 under the Technical Memorandum for Supervision Plan 2009; and
- (c) he satisfies the Board that he has had 2 years' relevant construction supervisory experience in Hong Kong before the date of his application for registration; and

- (e) he is not the subject of an inquiry committee or a disciplinary order under Part IV which precludes him from being registered under these Regulations; and
- (f) he satisfies the Board by declaration in writing that he is competent to practise in construction supervision; and
- (g) he is a fit and proper person to be registered.

Registration is valid for one year (runs from 1 April of current year to 31 March of the following year) and is renewable annually. A registration fee and an annual fee are charged on every application and a Certificate of Registration will be issued.

The Regulations makes provision for both removal of names from the Register and for disciplinary proceedings against any registered construction supervisor who commits a disciplinary offence. In the latter event, an inquiry committee may be established by the Board.

A person on the Register is entitled to describe himself as a "Registered Construction Supervisor" and to use the initials "R.C.S."
